Re: Covid 19 Vaccinations

Dear Colleagues, Residents and Families

I am delighted to say that the Vaccination Programme for the Talbot Group residents and staff has progressed significantly since I last communicated with you.

As of the 6th April 2021 the following is the position:

- ❖ **95% of our residents have received the vaccination.**
- ❖ **81% of our staff have received the vaccination and the remainder of those availing of the vaccination are due to be called shortly.**

As you know the vaccine offers a high level of protection against Covid 19. I would like to encourage each of you to have the Vaccine when it is offered to you, if you have not already done so.

The vaccination programme is co-ordinated by the HSE and you can register on the link below
<https://healthcloudtrialmaster-15a4d-175b26401cc.force.com/frontlineworkers/s/login/?ec=302&startURL=%2Ffrontlineworkers%2Fs%2F>

One of our residents has kindly consented to sharing their delight having received their vaccination.

I would like to sincerely thank each of you for your continued support and the exceptional measures taken to ensure that all our residents and staff remain supported and safe throughout the pandemic.

I would like to thank the families who have had to endure restricted visiting and home leave. This has not been easy for families or the residents.

We are keeping visiting and home leave under constant review so that restrictions can be safely eased at the earliest opportunity.

Yours sincerely

Ms. Laverne McGuinness
Chief Executive Officer
